25th Winter Universiade - Erzurum 2011

**NORDIC

ERZURUM 2011
winter universiade

Dear Participants,

On behalf of the International University Sports Federation, it is both a pleasure and an honour for me to welcome you to the 25th Winter Universiade from January 27th to February 6th in Erzurum, Turkey.

The technical manuals are probably the most useful document during the entire period of the Games that is why so much effort is put into this preparation. Those manuals are always reflecting the amount of work that has been done to prepare such multi-sport events. The investments in terms of infrastructure and sport facilities are just amazing and we all hope that you will enjoy the remarkable competition conditions that were created especially for all of you.

We therefore would like to thank all parties that worked in very close co-operation with the Turkish authorities to make it happen and especially the Organizing Committee under the leadership of Mr. Bekir Korkmaz and the Turkish University Sport Federation and its president Mr. Kemal Tamer.

I would like to underline the efforts made throughout the last month by the Chairpersons of the FISU sports technical committees. They have worked continuously in close co-operation with the different national sport federations of Turkey and the International Sports Federations to allow the students to compete in the best possible conditions in a country in which winter sports are relatively new but growing very fast.

We look forward to your participation and we are sure that you will find in this manual all the necessary information that will help you participate in the competitions in smooth and proper manner.

I and the entire FISU Family wish you all the best for a most successful 25th Winter Universiade.

George E. KILLIAN
FISU President

Dear Participants,

As the president of Turkish University Sports Federation I had dreamed to organize both Summer and Winter Universiades in my country since I got involved in International University Sports Federation. I am now very happy to see my dreams come true. For that reason, it is great pleasure and honour for me to welcome you to Erzurum, Turkey to celebrate the 25th Winter Universiade.

After the successful organization of the 23rd Summer Universiade 2005 in İzmir, now we are organizing the 25th Winter Universiade 2011 in Erzurum which are the biggest international sports organizations ever held in Turkey. It is a privilege for Turkey to host these great organizations and also to show the ability and capacity of the young people and the country. Turkish University Sports Federation is playing a leading role in developing sports and specially winter sports in Turkey. There are more winter sports facilities built in Erzurum than the country has ever had in its history. Some new winter sports are also introduced for the first time in the country because of this 25th Winter Universiade. On behalf of Turkish University Sports Federation, I would like to take this opportunity to convey our thanks to the International University Sports Federation for their contribution to develop winter sports in our country because this organization may be considered as the beginning of winter sports in Turkey. I also want to thank all the institutions and persons who have made contributions into this Winter Universiade.

I would like to wish that you have wonderful memories and the best success in the competitions during this 25th Winter Universiade.

Prof. Dr. Kemal TAMER

TUSF President

Dear Friends,

Welcome to the Peak of Anatolia, Erzurum to participate in 25th Winter Universiade. We have the honour of hosting you, the prominent athletes of the world. Thank you all for attending this significant event.

You will meet and make new friends during your visit to Erzurum. For this reason, different cultures of different countries will doubtlessly enrich our city and this will contribute to our magnificent history dating back to thousands of years.

Erzurum has hosted many civilizations throughout the history. You will get the chance to witness this historical beauty during competitions. Our city in which the youth of the world will come together for sports and peace is surrounded by plateaus which are approximately 2.000m of altitude and the mountains exceeding 3.000m. Hence, the slogan of 25th Winter Universiade 'Let's meet at the Anatolian Peak' is quite meaningful. To prepare an International Sports Organization at the Anatolian Peak for the youth to shape the future is a privilege for Erzurum. Therefore, we are aware of our responsibilities for realising our hopes, dreams and expectations during the period from the trainings to the last competition.

We hope that you will have pleasing experiences in Erzurum and share your great memories of friendship and peace with the rest of the world and wish you a great success.

Yours Sincerely,

Bekir KORKMAZ
General Coordinator

5. GENERAL RULES

A. Participation

Art 5.1 (FISU Regulations)

Only the following may take part in the Winter Universiade:

- a) an association with membership of FISU;
- b) in the case of non-affiliation to FISU:

1. A country whose Olympic Committee is allowed to take part in the Olympic Games;
2. A country not having an Olympic Committee recognized by the IOC may take part in those sports for which there is a FSN of that country which is affiliated to the ISF. The Executive Committee will take a decision for each sport in which country wishes to participate.

Art 5.2.1 (FISU Regulations)

Only the following may participate as competitors in the Winter Universiade:

- a) Students who are currently officially registered as proceeding towards a degree or diploma at the university or similar institute whose status is recognized by the appropriate national academic authority of their country;
- b) Former students of the institutions mentioned in a) who have obtained their academic degree or diploma in the year preceding the event.

Art 5.2.2 (FISU Regulations)

Notwithstanding Article 5.2.1, in countries with fewer than 2.000.000 inhabitants or having fewer than 5.000 University students, students attending technical or secondary schools may participate in FISU events provided that they have been attending their establishments for at least two (2) years.

Countries wishing to take advantage of the concession in the first paragraph of Article 5.2.2 must submit an application to the FISU Executive Committee at least six (6) months before the scheduled start of the event. Such an application must be supported by documents endorsed by the appropriate State or National Academic Authorities.

Art 5.2.3 (FISU Regulations)

All competitors must satisfy the following conditions:

- a) be a national of the country they represent;
- b) be at least 17 and less than 28 years of age on January 1st in the year of the event. (2011 WU Erzurum - The participants must have been born between January 1st, 1983 and December 31st, 1993)

B. Entries

According to the Article 5.4.6 of the FISU Regulations, each National University Sports Federation, or other organizations as specified in Art.5.1.2, must submit to the Organizing Committee the official entry following the marked deadlines:

Deadline	Entry Form	Contents

27/12/2010	Athletes' biographies	Career performances
27/12/2010	Delegations' travel schedule	Travel schedule

After these deadlines neither changes nor additional entries will be accepted.

C. Insurance

The participating countries must have the appropriate insurance to cover travel and participation, as they are the responsibility of neither the Organizing Committee nor FISU (art. 5.8.3).

Participating countries must therefore have insurance for the medical care of the whole delegation. Only first aid procedures related to the Games will be covered by the OC and only for accredited persons.

D. Medical Services

The Organizing Committee insures:

- a) free adequate medical assistance for the FISU family, participants and all accredited persons during the Winter Universiade.
- b) doping control in accordance with the procedure laid down in Article 14, if requested by the FIS.

6. COMPETITION RULES

The events will be organized in accordance with the most recent technical regulations of the International Ski Federation (FIS). In any dispute the English text will be regained as authoritative (art. 12.30.1).

Any protest against a sport nature or disciplinary nature, must reach the jury through the referee or other competent officials according to the regulations lay down by the appropriate ISF or by the technical regulations (art. 11.2).

A Head of Delegation or his deputy has recourse to protest against the decision of the jury. This protest must be submitted in written form to the jury of Appeal in accordance with the regulation of the FIS. Such protest must be accompanied by a deposit of fifty (50) EUR which will be returned if the protest is considered to be justified (art. 11.3).

Any decision of the jury of Appeal of a sport is final one and must be reported immediately to the Head of Delegation of the country concerned (art. 11.4).

Protests allowed in Article 3.2.2 must be presented to the president or secretary general of FISU, by the Head of Delegation or his deputy in written form not later than six hours after the incident (art.3.2.7).

A. Referees

The countries participating in the Nordic Combined events, must cover the cost of the international judges FIS (5.3.1). The total amount of the judges costs will be divided according to the number of participants and all countries participating in Nordic Combined will pay on ratio of the number of their participants. The organizing committee will announce the exact sum after the deadline for quantitative entries three (3) months before the beginning of the Winter Universiade.

These international judges must be invited by the OC not less than three (3) months before the start of the Winter Universiade (art. 12.30.4).

B. Equipment Control

The equipment control for Nordic Combined in Universiade Games will be the same as in FIS Continental Cup. The jumping suit, the skis, the height and weight of the jumpers will be controlled before the competition and nobody is allowed to take part in the competition without controlled equipment.

During the first competition round there are spot checks and after the second round the best 5 jumpers and 1 jumper by draw will be chosen.

If the competitors use the equipment independent the FIS regulation he/she will be disqualified by the jury.
